

Give your patients greater independence and improved health.

Welcome to a smarter, easier way to support your patients with 1 True Health.

Joining our Clinical Partner Program unlocks significant benefits, including substantial and sustainable increases in top-line revenue from your existing patients, all delivered through our proven Care Management services without adding internal staff.

Easy patient enrollment

Patients can enroll in minutes, connect their device, and receive ongoing support with regular check-ins and 24x7 clinical access.

Better Patient Satisfaction

Our Care Navigators monitor patients daily, identify concerns early, provide ongoing support and send them back to you if and when needed.

Personalized clinical care

Our team supports patients with chronic conditions between office visits through 24x7x365 human guidance, virtual care and in-person check-ins.

Improved health outcomes

Regular monitoring helps detect issues early, improving quality of life while reducing unnecessary emergency room visits and hospitalizations.

24x7 healthcare professionals

We extend your practice with done-for-you Chronic Care Management, Remote Physiologic Monitoring, and trusted 24x7 human support.

Higher margins & reimbursements

Our services improve engagement and outcomes while strengthening CAHPS and HEDIS scores, boosting STAR ratings and reducing recidivism.

Plus, increase revenue and margins without adding headcount

Generate substantial and sustainable revenue from your existing patients through our proven Care Management services delivered on your behalf, helping you increase margins without the cost and complexity of additional staff.

Join the 1 True Health Clinical Partner Program today.
